

KARDAN UNIVERSITY
Department of Business Administration
(Sample Entrance Test for MBA Program)

Kardan University MBA Admissions Test will include three sections meant for testing English Language proficiency, numerical fluency and general awareness of the students. The assessment will also include an interview by panel members of the university. This document provides an introduction to all three sections of the test along with practice questions.

The test does not require you to spend time on extensive preparation for rule-based mathematics, general knowledge or English grammar correction that would not be used in a business context. We only require you to familiarize yourself with the format of the test and refresh your verbal and quantitative skills by practicing the questions contained within this document.
