Office of Student Involvement and Events

The key aim of this office is to help students achieve academic and professional excellence through training programs, study tours, seminars, sports and student clubs.

Introduction

The Office of Student Involvement and Events provides engaging opportunities for students. It organizes interesting events including seminars, workshops, conferences, sports activities as well as establishing student clubs in order to provide students with an enriching educational and extracurricular experience.

Student clubs allow students to gain practical leadership and team building experience. Furthermore, club memberships help students meet new people and make friends. We organize a variety of exciting programs that encourage and advance students' intellectual and physical development.
