دست آوردها

«خداوند متعال(ج) را نهایت سپاس گزارم که برایم توفیق عنایت فرمود تا در مدت یک سال قرآن عظیم الشان را به صورت کامل با تفسیر «انوارالقرآن» به پایان برسانم.

از زمانیکه من توانسته ام حافظ قرآن کریم شوم از هر زمانی بیشتر نیاز به دانستن تفسیر داشتم. تا بتوانم در کنار تلاوت، درک کامل از مفهوم کلمات و جملات این معجزه‌ی الهی داشته باشم. زیرا یکی از ویژگی‌های قرآن کریم این است که تمام سخن‌های آن در مورد یک موضوع، یکجا و در یک فصل بیان نگردیده باشد، بلکه در هر صفحه آن، گاه در هر آیه‌ی آن از موضوعات و مطالب مختلفی بیان شده است. این امر نیز از جمله اموری است که نیاز به تفسیر را ضروری می‌سازد.

قرآن کریم آن کتاب الهی و برحق است که تمام موضوعات در آن به نفع بشریت نگاشته شده و راه حل برای تمام مشکلات هستی در هر عصر و زمان در نظر گرفته است.»

► Reflection ◀

Among everything else, one thing that inspires me the most about Kardan University is the "culture". Upon joining Kardan, you automatically find yourself in an environment where you feel responsible, motivated, and committed to utilizing the maximum potential found in you. Working for five years in Registrar's office, dealing and interacting directly with students, alumni, and different stakeholders; I have witnessed their expression of "How can all such professionals come together in one place?" And we all know that: it is not just the people; it is the organization as well.

Rejoining Kardan University

Kardan University is pleased to welcome back three of its Diploma Program instructors. They have been very successful in their tenure here previously and we are sure they will greatly contribute to the university's strategic objectives' achievement after this.

Salman Ahmad Qayoumi

I truly appreciate Kardan University's kind consideration which helped me resume working as an EFL lecturer and serve my beloved country. I felt thrilled when I was informed by our HR Manager to rejoin the Department of English Language. Keeping in view the professional environment, priceless efforts, and continued support of this elite University, I can proudly say that this is my home as well as a duty station.

Obaidullah Akbar

I feel extremely delighted to be part of the big professional family of Kardan University once again. Kardan, as always, has proved to be supportive and caring for its staff and recipients. I am very grateful to Kardan leadership for their continuous care and support.

Abdul Baset Hasif

Since the political transition, many in the academic institutions had lost hope, as studies and classes were halted and many experts and educationists left the country. I personally did not intend to flee so I decided to remain and serve the country. Loosing my job wasn't easy, but I waited calmly. Now that I am back to Kardan University as an EFL Lecturer, I feel very happy and I would like to thank Kardan for reassigning me in this position.

Tea with Leadership

As part of the series of meetings "Tea with Leadership", Kardan University's leadership met with the university's Registrar, IT, and Administration teams, where staff from these departments shared their suggestions and ideas for improvements, in their own work and the university in general, with the management.

Throughout the past year, teams discussed their overall achievements and problems, as well as their goals for the year 2022 with the university leadership.

These meetings have been effective in bringing positive changes in the organizational culture in Kardan University and improved work achievements of the staff.

On Monday, February 28m, the Human Resources Department organized a training and experiences sharing session on how to Engage Students in the Teaching-Learning Process. The session was facilitated by Dr. Muhammad Shahid Shams, Assistant Professor MBA.
