Bachelor of Business Administration	Student Satisfaction Rate (Spring 2024 and Fall 2024)	95%	88 %

Calculations for Measures

MEASURE	DESCRIPTION AND HOW IT WAS CALCULATED
Student Retention Rate	S.R.R. is the percentage of students who continue their studies from one academic year to the next academic year. It is measured by the $(\text{Number of Students Who Continue to The Next Academic Year} \div \text{The Total Number of Students at The Start of The Academic Year}) \times 100$.
Job Placement Rate	J.P.R. is the percentage of those graduates placed in jobs out of the total graduates for that particular year. It is calculated by the $(\text{Placed Graduates of That Academic Year} \div \text{Total Graduates of That Academic Year}) \times 100$.
Graduate Rate	G.R. is the percentage of students who graduated or completed a degree with us out of their total enrolment in 1st semester. It is calculated by the $(\text{Number of Students Who Graduated in That Academic Year} \div \text{The Total Number of Students Who Entered the Program}) \times 100$.
Acceptance to Master's Program	The criteria for A.M.P. is CGPA 2.0 which is the minimum eligibility requirement for pursuing a master's degree in Afghanistan. Students with CGPA of 2.0 and above who graduated from the BBA program at Kardan University, will be eligible students for MBA programs.
Student Satisfaction Rate	We check the percentage of students who report being satisfied with the educational environment, teaching quality, course content, resources, and overall academic experience. S.R.R. Is equal to $(\text{Number of Satisfied Students} \div \text{The Total Number of Survey Respondents}) \times 100$.
